Last Updated Wednesday, 15 July 2009

Elisad's aim is to improve professional knowledge, skills and performances through networking and interaction with each other. Elisad tasks are:

- To stimulate and enhance European cooperation between libraries, information services, documentation centres and individuals working in the field of information on alcohol and drugs
- To stimulate the use and the development of information management technologies
- To stimulate the development of policies aiming to facilitate the dissemination of factual information the use and abuse of alcohol and other drugs in Europe.
- To keep librarians and information officers informed.
- To encourage exchange of information and the continuing training, especially about developments in information technology
